

# Oaks of Los Feliz Neighborhood Conservation Ordinance

City Planning Cases: CPC-2016-2115-ZC

Environmental Case: ENV-2016-2111-ND

*The City of Los Angeles, Department of City Planning will hold a series of Open Houses/Public Hearings regarding proposed new single-family zone changes for 15 neighborhoods. This notice is for the Open House/Public Hearing for zone changes within the Oaks of Los Feliz neighborhood.*

The proposed zone changes will provide specialized regulation regarding single-family houses, as follow-up to the Interim Control Ordinance for the Oaks of Los Feliz neighborhood that was adopted in 2015, which expires in March 2017. The proposed zone changes for the Oaks of Los Feliz involve additions to the existing Development "D" Limitation, which currently provides specialized regulations regarding single-family houses. The proposed zone changes include the addition of lot coverage maximums, as well as the inclusion of aboveground basements in the calculation of the total residential floor area (RFA) of the house in all residential zones within the proposed boundaries on the ordinance map (see map shown on this notice as reference). The proposed "D" Limitation regulations will supersede those of the existing "D" Limitation, for a more tailored zoning solution to preserve neighborhood character.

*Text of the proposed Neighborhood Conservation Ordinances will be available at the Open House/Public Hearing and online at <http://planning.lacity.org> under "What's New". For questions, please contact staff: Christine Saponara, 213.978.1363.*
