<b>CONTEXT:</b>	Public and Private Institutional Development, 1850-1980
<b>SUB CONTEXT:</b>	Government Infrastructure and Services, 1850-1980
<b>THEME:</b>	Federal Infrastructure and Services, 1850-1980
<b>SUB THEME:</b>	U.S. Postal Services and Post Office Construction, 1850-1980
<b>PROPERTY TYPE:</b>	Post Office/Postal Facility
<b>PROPERTY SUB TYPE:</b>	No Sub-Type
<b>GEOGRAPHIC LOCATION</b>	Citywide
<b>AREA OF SIGNIFICANCE</b>	Community Planning and Development; Art, Architecture; Settlement
<b>CRITERIA</b>	A/1/1&C/3/3
<b>PERIOD OF SIGNIFICANCE</b>	1850 - 1980
<b>ELIGIBILITY STANDARDS:</b>	Originally constructed for use as a U.S.Post Office/Postal Facility
	More research needed
	Resource does not meet Eligibility Standards
	No Eligibility Standards checked
<b>CHARACTER DEFINING/ASSOCIATIVE FEATURES:</b>	For the National Register, a property must possess exceptional importance if less than 50 years of age
	May be a good example of design features, facilities or equipment distinctive to its design and use as a post office
	May be a good example of public or monumental architecture
	May be a good example or prototype of Federal design and construction standards and policies
	May be a good/excellent example of an architectural style from its period and/or the work of a significant architect or builder
	May be a rare example in a community
	May contain, as an integral part of the building, a good example of a type, period or style of artistic expression such as murals
	May represent factors that influenced the settlement pattern of a community
	May represent important periods in the history of Federal public works and public works programs
	Retains most of the essential physical and character-defining features from the period of significance
	More research needed
	No CDFs/Associative Features checked
	Resource does not retain sufficient CDFs/Associative Features
<b>INTEGRITY CONSIDERATIONS:</b>	Original landscaping may have been altered
	Original signage may have been altered or removed
	Original use may have changed
	Should retain integrity of Location, Design, and Materials from the period of significance

**Public and Private Institutional Development, 1850-1980.xls**

<b>CONTEXT:</b>	Public and Private Institutional Development, 1850-1980
<b>SUB CONTEXT:</b>	Government Infrastructure and Services, 1850-1980
<b>THEME:</b>	Government Administration Buildings and Centers, 1904-1970
<b>SUB THEME:</b>	Post WWII Branch City Halls and Administration Centers, 1957-1970
<b>PROPERTY TYPE:</b>	Institutional - Government
<b>PROPERTY SUB TYPE:</b>	Branch City Hall/Administrative Center
<b>GEOGRAPHIC LOCATION</b>	Sunland-Tujunga, Reseda, Westchester, West Los Angeles
<b>AREA OF SIGNIFICANCE</b>	COmmunity Planning and Development
<b>CRITERIA</b>	A/1/1
<b>PERIOD OF SIGNIFICANCE</b>	1957 - 1970
<b>ELIGIBILITY STANDARDS:</b>	A single City Hall building or administrative center which may include other services such as police, fire, library buildings and health centers
	Was developed during the Post WWII period as part of an overall City planning program to expand government services
	More research needed
	Resource does not meet Eligibility Standards
	No Eligibility Standards checked
<b>CHARACTER DEFINING/ASSOCIATIVE FEATURES:</b>	Branch city offices located at branch city halls often included engineering, building and safety and city clerk
	Centers feature a municipal building and may also have included a police station, fire station, branch library and/or health center or receiving hospital
	For the National Register, a property must possess exceptional importance if less than 50 years of age
	May also be significant under a Modernism theme within the Architecture context
	May also include significant landscape features and designs such as malls and plazas
	May be jointly used/owned by city and county offices
	More research needed
	No CDFs/Associative Features checked
	Resource does not retain sufficient CDFs/Associative Features
<b>INTEGRITY CONSIDERATIONS:</b>	Should retain integrity of Feeling, Setting, Design, Location, and Association

**Public and Private Institutional Development, 1850-1980.xls**

<b>THEME:</b>	Municipal Water and Power, 1916-1980
<b>SUB THEME:</b>	Distributing and Receiving Stations, 1916-1980
<b>PROPERTY TYPE:</b>	Institutional - Infrastructure
<b>PROPERTY SUB TYPE:</b>	Distributing Station
<b>GEOGRAPHIC LOCATION</b>	Citywide
<b>AREA OF SIGNIFICANCE</b>	Community Planning and Development
<b>CRITERIA</b>	A/1/1
<b>PERIOD OF SIGNIFICANCE</b>	1916 - 1980
<b>ELIGIBILITY STANDARDS:</b>	Exemplifies the beautification requirements set by the City Arts Commission
	Is also evaluated as significant under a theme within the Architecture context
	Is associated with Los Angeles Gas and Electric Corp., Bureau of Power and Light or the Department of Water and Power
	More research needed
	No Eligibility Standards checked
	Resource does not meet Eligibility Standards
	Was constructed between 1916 and 1980 for water and power uses
<b>CHARACTER DEFINING/ASSOCIATIVE FEATURES:</b>	Constructed of brick, concrete or stone veneer
	Designed as neighborhood landmarks which fit into the fabric of a community
	Designed in popular architectural styles including Classical Revival, WPA Moderne, International Style, Arts Deco, Streamline Moderne
	Distributing Stations are odd numbered
	Few or no windows on facade
	Generally a two-story rectangular box with a flat roof
	Industrial steel sash windows on side elevations
	May include significant landscaping including large, manicured lawns
	More research needed
	No CDFs/Associative Features checked
	Prominent signage
	Resource does not retain sufficient CDFs/Associative Features
	Retains most of the essential character-defining features from the period of significance
<b>INTEGRITY CONSIDERATIONS:</b>	Fences often added
	Setting may have changed (surrounding buildings and land uses)
	Should retain integrity of Design, Materials, Workmanship, and Association

<b>AREA OF SIGNIFICANCE</b>	Transportation; Community Planning and Development
<b>CRITERIA</b>	A/1/1
<b>PERIOD OF SIGNIFICANCE</b>	1918 - 1960
<b>ELIGIBILITY STANDARDS:</b>	An intact example of an underground tunnel (called subways) built below major thoroughfares for pedestrian crossing
	More research needed
	No Eligibility Standards checked
	Resource does not meet Eligibility Standards
	Was constructed during the period of significance
<b>CHARACTER DEFINING/ASSOCIATIVE FEATURES:</b>	Interior measurements of tunnel are six feet wide and seven feet high
	More research needed
	Most were constructed near schools for safe school access
	No CDFs/Associative Features checked
	Originally identified with blue-on-white enamel porcelain signs reading "Pedestrains Use Subway"
	Resource does not retain sufficient CDFs/Associative Features
	Retains most of the essential physical features from the period of significance
	Street entrance characterized by ornamental iron railing
<b>INTEGRITY CONSIDERATIONS:</b>	Most are now secured with fencing and original ornamental railings have been removed
	Should retain integrity of Design, Feeling, and Association from its period of significance

**Public and Private Institutional Development, 1850-1980.xls**

<b>CONTEXT:</b>	Public and Private Institutional Development, 1850-1980
<b>SUB CONTEXT:</b>	Government Infrastructure and Services, 1850-1980
<b>THEME:</b>	Municipal Parks, Recreation, and Leisure, 1886-1978
<b>SUB THEME:</b>	Pleasure Grounds, 1886-1903
<b>PROPERTY TYPE:</b>	Institutional - Recreation
<b>PROPERTY SUB TYPE:</b>	Pleasure Ground
<b>GEOGRAPHIC LOCATION</b>	Citywide, concentrations near downtown and Hollywood, e.g., Echo Park, Elysian Park, and Griffith Park
<b>AREA OF SIGNIFICANCE</b>	Landscape Architecture
<b>CRITERIA</b>	A/1/1&C/3/3
<b>PERIOD OF SIGNIFICANCE</b>	1886 - 1903
<b>ELIGIBILITY STANDARDS:</b>	Constructed from 1886 to 1903
	Is an excellent example of its type/style and/or represents the work of a significant landscape architect or designer
	Large, typically municipally-owned acreages that offered opportunities for passive recreation activities and civic engagement
	Naturalistic, unstructured and pastoral in character
	Present appearance resembles the original appearance and retains sufficient historic integrity to convey its historical association
	More research needed
	Resource does not meet Eligibility Standards
	No Eligibility Standards checked
<b>CHARACTER DEFINING/ASSOCIATIVE FEATURES:</b>	May include "gardenesque" design features such as a wide variety of mature vegetation to delineate activity areas, ornamental planting beds, large concentrations of a particular species or type of vegetation
	May include areas for passive recreation, such as picnic areas, park furniture, planters, water features, artificial lakes, walking trails and pathways
	May include commemorative statuary, monuments, and water features
	May include earthworks, such as artificial mounds and recessed glades
	May include winding or curvilinear paths
	Retains a significant number of character-defining features, such that the visual, spatial, and contextual relationships of the property may be understood
	Trees, shrubs and other plants may be positioned and managed in such a way that the character of each plant is fully displayed
	More research needed
	No CDFs/Associative Features checked
	Resource does not retain sufficient CDFs/Associative Features
<b>INTEGRITY CONSIDERATIONS:</b>	A sufficient number of original materials should be extant such that the historic fabric, character, and overall visual effect have been preserved
	Alterations, if reversible, may be acceptable
	Examples of original vegetation may be replaced
	Individual design features may have been modified, altered, or replaced

**Public and Private Institutional Development, 1850-1980.xls**

	Original spaces for activities may have new uses
	Should retain integrity of Location, Design, Setting, and Materials

**Public and Private Institutional Development, 1850-1980.xls**

<b>CONTEXT:</b>	Public and Private Institutional Development, 1850-1980
<b>SUB CONTEXT:</b>	Government Infrastructure and Services, 1850-1980
<b>THEME:</b>	Municipal Parks, Recreation, and Leisure, 1886-1978
<b>SUB THEME:</b>	Municipal Parks, 1904-1931
<b>PROPERTY TYPE:</b>	Institutional - Recreation
<b>PROPERTY SUB TYPE:</b>	Municipal Park
<b>GEOGRAPHIC LOCATION</b>	Citywide, concentrations may be found in Hollywood, Los Feliz, Silver Lake, Koreatown, Mid-Wilshire, Hancock Park, and West Adams
<b>AREA OF SIGNIFICANCE</b>	Landscape Architecture
<b>CRITERIA</b>	A/1/1&C/3/3
<b>PERIOD OF SIGNIFICANCE</b>	1904 - 1931
<b>ELIGIBILITY STANDARDS:</b>	Includes areas for active recreation, such as athletic fields, tennis courts, golf courses, ball fields, horseshoe courts, activity lawns, game courts, outdoor pools, plunges, archery ranges, and facilities to support athletic events
	Is an excellent example of its type or style and/or represents the work of a significant landscape architect or designer
	Municipal park constructed between 1904 and 1931 to serve residential areas
	Present appearance resembles the original appearance and retains sufficient historic integrity to convey its historical association
	More research needed
	Resource does not meet Eligibility Standards
	No Eligibility Standards checked
<b>CHARACTER DEFINING/ASSOCIATIVE FEATURES:</b>	Design schemes are typ. informal and may include examples of mature vegetation in activity areas, paved paths, commemorative statuary and monuments, entrance signage, ornamental planting beds, allées, and concentrations of a particular species
	May include accessory structures to support social activities (e.g., childcare facilities, senior activity centers, clubhouses, auditoriums, picnic areas)
	May include areas for passive recreation, such as equestrian paths, trail systems, bathhouses, water features, lawns, aviary/zoos, scenic drives, and themed gardens (e.g., a rose garden or Japanese garden)
	May include civic-themed areas such as a parade ground or pavilion for outdoor performances
	May include playgrounds or play areas for children
	May include support structures such as maintenance sheds and night lighting
	May provide indoor space suitable for a variety of activities including dancing, games, stage productions, food preparation, and dining
	Retains a significant number of character-defining features, such that the visual, spatial, and contextual relationships of the property may be understood
	More research needed
	No CDFs/Associative Features checked
	Resource does not retain sufficient CDFs/Associative Features

<b>PROPERTY TYPE:</b>	Institutional - Recreation
<b>PROPERTY SUB TYPE:</b>	Municipal Recreational Facility
<b>GEOGRAPHIC LOCATION</b>	Citywide
<b>AREA OF SIGNIFICANCE</b>	Landscape Architecture
<b>CRITERIA</b>	A/1/1 & C/3/3
<b>PERIOD OF SIGNIFICANCE</b>	1932 - 1978
<b>ELIGIBILITY STANDARDS:</b>	Includes active recreation areas such as athletic fields, tennis courts, golf courses, ball fields, horseshoe courts, activity lawns, game courts, outdoor pools, plunges, archery ranges, and facilities to support athletic events
	Is an excellent example of its type or style and/or represents the work of a significant landscape architect or designer
	Municipal Recreation Facility constructed between 1932 and 1978
	Present appearance resembles the original appearance and retains sufficient historic integrity to convey its historical association
	More research needed
	Resource does not meet Eligibility Standards
	No Eligibility Standards checked
<b>CHARACTER DEFINING/ASSOCIATIVE FEATURES:</b>	For the National Register, a property must possess exceptional importance if less than 50 years of age
	May also be significant under Criterion C/3/3 as the work of a master
	May include areas for social recreational functions (e.g., childcare facilities, children's play areas, senior activity centers, clubhouses, recreation centers, auditoriums, picnic tables, and grill areas)
	May include buildings and features that are significant examples of architectural styles of the period
	May include support structures such as maintenance sheds and night lighting
	May provide indoor space suitable for a variety of activities including dancing, indoor games, stage productions, food preparation, and dining
	May represent more than one period of municipal park development
	Retains a significant number of character-defining features, such that the visual, spatial, and contextual relationships of the property may be understood
	More research needed
	No CDFs/Associative Features checked
	Resource does not retain sufficient CDFs/Associative Features
<b>INTEGRITY CONSIDERATIONS:</b>	A sufficient number of original materials should be extant such that the historic fabric, character, and overall visual effect have been preserved

<b>CONTEXT:</b>	Public and Private Institutional Development, 1850-1980
<b>SUB CONTEXT:</b>	Government Infrastructure and Services, 1850-1980
<b>THEME:</b>	Public Works, 1900-1980
<b>SUB THEME:</b>	Street Lights and the Bureau of Street Lighting, 1900-1980
<b>PROPERTY TYPE:</b>	Institutional - Infrastructure
<b>PROPERTY SUB TYPE:</b>	Street Light(s)
<b>GEOGRAPHIC LOCATION</b>	Citywide
<b>AREA OF SIGNIFICANCE</b>	Community Planning and Development
<b>CRITERIA</b>	A/C;1/3;1/3
<b>PERIOD OF SIGNIFICANCE</b>	1900 - 1980
<b>ELIGIBILITY STANDARDS:</b>	Is associated with a municipal street lighting program
	Provides lighting for vehicular and pedestrian traffic
	More research needed
	Resource does not meet Eligibility Standards
	No Eligibility Standards checked
<b>CHARACTER DEFINING/ASSOCIATIVE FEATURES:</b>	May be a contributing feature of a historic district or may be significant as a grouping even if the surrounding area does not constitute a historic district
	May have been installed by developers as part of land development, particularly in upper class neighborhoods
	May represent a distinct lighting type specifically designed for a community/area
	Rare and isolated examples may be individually significant
	Retains most of the essential character-defining and physical features of the type and style from the period of significance
	More research needed
	No CDFs/Associative Features checked
	Resource does not retain sufficient CDFs/Associative Features
<b>INTEGRITY CONSIDERATIONS:</b>	May have been relocated for preservation purposes
	Retains the original pole; globe may have been replaced as long as it replicates the original style
	Should retain integrity of Design, Materials, Feeling, and Association
